Thank you for choosing to serve as a PTA / PTSA leader for the 2020-2021 school year. This year will be especially unique for Georgia PTA. We are in unprecedented times and exploring new options to conduct PTA business during the pandemic.

Additionally, Gwinnett County Public Schools has begun the process of integrating students back into the school building for in-person instruction and working tirelessly to maintain digital instruction as well. At the request of GCPS Superintendent's Office, they are respectfully asking our PTA's / PTSA's to be patient and to minimize the telephone calls and emails to principals, school administrators, and teachers thus allowing them an opportunity to get acclimated to dual instruction.

All school staff is committed to ensuring that students receive the best learning experience possible, regardless of the chosen method of instruction.

GCPS has been a valuable partner for decades. We are grateful for their collaborative efforts, continued support, and assistance in implementing the mission, vision, and values of PTA.

Each school will have its own unique instructions on how they want and/or need to have the presence of their PTA/PTSA in/or around the school building. We know how eager you are to get back to volunteering and being present at your school.

We greatly appreciate your cooperation and continued support of children and families.

With Regards,

District 12 Executive Board
